"PERTAINING TO SHARKS"**CHAPTER 4VAC20-490-10 ET SEQ.**

- A. Recreational fishing vessels are allowed a maximum possession limit of one recreationally permitted shark, excluding smooth dogfish, per trip, regardless of the number of people on board the vessel. In addition, each recreational vessel angler may possess one bonnethead and one Atlantic sharpnose per trip. The possession aboard a vessel of more than one recreationally permitted shark, excluding smooth dogfish, or the possession of more than one Atlantic sharpnose shark or one bonnethead shark, per person, shall constitute a violation of this regulation. When fishing from any boat or vessel where the entire catch is held in a common hold or container, the possession limits for Atlantic sharpnose shark or bonnethead shark shall be for the boat or vessel and shall be equal to the number of persons on board legally eligible to fish, plus one additional recreationally permitted shark. The captain or operator of the boat or vessel shall be responsible for any boat or vessel possession limits.
- B. A recreational shore angler is allowed a maximum possession limit of one recreationally permitted shark, excluding smooth dogfish, per calendar day. In addition a recreational shore angler may harvest one additional bonnethead and one additional Atlantic sharpnose per calendar day. The possession of more than one recreationally permitted shark, excluding smooth dogfish, or the possession of more than one bonnethead and one Atlantic sharpnose, by any person, shall constitute a violation of this regulation.
- C. It shall be unlawful for any person to possess any recreationally prohibited shark.
- D. It shall be unlawful for any person to possess any recreationally permitted shark landed under the recreational catch limitations described in this section that is less than 54 inches fork length except Atlantic sharpnose, bonnethead, finetooth, blacknose, and smooth dogfish.

4VAC20-490-41. COMMERCIAL CATCH LIMITATIONS.

- A. It shall be unlawful for any person to possess on board a vessel or to land in Virginia more than 33 commercially permitted nonsandbar large coastal sharks in one twenty-four hour period. The fins of any shark, except smooth dogfish, may be partially cut but some portion of the fin shall remain attached, until the shark is landed.
- C. From July 1 through the end of February, commercial fishermen may process smooth dogfish at sea, except the first dorsal fin shall remain attached naturally to the carcass until landed. From March 1 through June 30, commercial fishermen may completely process smooth dogfish at sea prior to landing.

 - 1) The vessel does not engage in fishing, in Virginia waters, while possessing the above species; and
 - 2) All fishing gear aboard the vessel is stowed and not available for immediate use.
- G. It shall be unlawful for any person to retain, possess or purchase any commercially prohibited shark or any research only shark, except as provided in subsection I of this section.
